

You Need the Right Part Fast. You're in the Right Place

Our team at JIT has over 40 years of combined experience

When you're in a pinch, you call the experts, and our JIT parts team loves a challenge. We have the experience and knowledge to solve your toughest parts dilemmas quickly and put you back to work. Plus, they're a great group of guys to be around!

Ed Gardon, Parts Manager, 16 years at JIT
 "At JIT you never have the same day twice. Different challenges arise every day."

Outside of work, Ed enjoys spending time with his family and playing Xbox.

Tim Fletcher, Parts Assistant, 8 years at JIT
 "I like that JIT trusts me to solve customer problems in creative ways."

In his free time, Tim likes getting tattoos. His favorite is one of the puppy he fostered. He also builds theatrical haunted houses, often for charity organizations.

Evert Osberg, Parts Assistant, 19 years at JIT
 "I grew up in the industry and love completing challenges and coming through for our customers at JIT."

When he's not working, Evert relaxes by watching NASCAR races and gardening.

Club Car Utility Vehicles for Every Job

Versatile workhorses for your operation

When you need to haul tools, people, or materials around your facility, Club Car utility vehicles have you covered.

Our electric, gasoline, and diesel UTVs provide a smooth ride, indoors or out! Engineered for rugged jobs, customized to your needs.

Time for a New Forklift?

3 Signs to tell an upgrade is needed

Day-in and day-out, your forklift puts in work, lifting and moving your business forward. The day will come when you lose time and money because the truck isn't running as efficiently anymore. Click the link below to learn the warning signs that it may be time for an upgrade.
