

Move Heavy Loads Fast

With the Toyota 8FGCU25 Core IC Cushion forklift

Travel at a max speed of 10.6 MPH carrying loads up to 5,000 lb with the 8FGCU25. Plus, help prevent accidents using its Active Control Rear Stabilizer that automatically responds to fast turns by widening the forklift's center of gravity to avoid tip overs.

Efficient and Maneuverable

The Heli H3C Series LPG cushion tire forklifts

With load capacities ranging from 4,000 lb – 6,500 lb, the H3C Series help you transport large loads through your warehouse. Easily move around the space with tight turning radiuses from 76" – 81.9", and reduce fuel use through load sensing hydraulic systems that only deliver the amount of power you need.

Moving Pallets Made Easy

Toyota electric pallet jacks in stock

Toyota Electric Walkie Pallet Jack lets you move up to 4,500 lb on pallets with every load. Maneuver and steer in tight spaces with zero strain thanks to its easy steering system and creep function. Plus, charge your maintenance free battery with a standard 110v wall outlet; no special equipment required.

Toyota 3 Wheel Electric Forklifts in Stock Now!

8FBES15U and 8FBE20U models available

Maneuvering in tight indoor areas is no problem for these electric forklifts, because their 3 wheel design lets them turn sharply and operate in narrow 10' aisles. Plus, you can lift 3,000 lb with the 8FBES15U and 4,000 lb with the 8FBE20U.
