Join Our 40 Year Anniversary Celebration!

Rain or shine!

We're hosting an open house

You're invited to the party! We'll have food trucks, ice cream, and some great surprises. You can take a behind-the-scenes look at our service center, see several innovative new products, and meet our entire JIT team. We hope to see you there!

When: June 22 from 11:00 am – 3:00 pm

Where: 25 Boxwood Ln. Cheektowaga, NY

Best Practices

Forklift Forks Have a Limited Working Life

Conduct regular inspections to know when to replace them

Forks do not last forever. Regular use can cause them to bend, crack, or wear down over time. We recommend checking them before operation to ensure they are straight, that the positioning lock is functioning, that both forks are the same height, and that there are no signs of damage.

If you are unsure about your forks, give us a call and we will come out to check them.
