

# You're Invited to Our Open House!

## We're celebrating our 40 year anniversary

Rain or shine, the party is happening! There will be food trucks, ice cream, and some great surprises. You can take a behind-the-scenes look at our service center, see several innovative new products, and meet our entire JIT team.

**When: June 22 from 11:00 am – 3:00 pm**

**Where: 25 Boxwood Ln. Cheektowaga, NY**

## See Our Two Newest Lifts in Action!

### At our open house

The Joey Zero and J1 Joey lifts help you eliminate ladders and improve warehouse productivity. They make it easy for operators handle tasks up high, like order picking, shelf stocking, inventory management, maintenance, and more. We'll be conducting live demos of these lifts at our open house, so you can see firsthand how they will help improve your warehouse operation!

## We Provide Custom Solutions

### To meet your specific needs

If you have special or unique requirements for your forklifts, Club Cars, or other equipment, let our team know! We can work with you, so your equipment can work safely and seamlessly within your operation.

### We solve your unusual challenges

One of our customers has a deaf community on campus, and they were concerned about the students not being able to hear their Club Car Carryall 500 or its horn. To solve the issue, our team applied a warehouse forklift concept to the Club Car. We installed direction activated blue lights on the vehicle, so hearing impaired students could easily see the cars coming down the sidewalk.

**Up to 4 free PMs for the first year**

## Service You Can Depend on

### The Toyota 360 program

Protect your equipment while enjoying support from the moment we begin a conversation throughout the entire life of your ownership. Ask us about the equipment protection plan providing emergency response times and plenty of options for routine service.
