

Move Large Quantities of Products Quickly

Choose the Toyota electric pallet jack

Move pallets around your warehouse with a top speed of 3.6 MPH and max load capacity of 4,500 lb. Plus, the Toyota electric pallet jack easily maneuvers in your facility because of its zero turn and Click-To-Creep functions that allow precise movements.

Improve Warehouse Efficiencies!

There's Still Time to Lower Your Taxes

By purchasing new equipment

Reduce your 2023 tax bill through the Section 179 Expense Provision. It allows a deduction up to \$1,160,000 with a \$4,050,000 cap on expenditures, as well as 80% bonus depreciation, for new and used equipment purchases. Simply buy and place the machine into service before December 31, 2023.

This information should not be considered tax advice. Consult your tax advisor or the IRS for additional information.

Keep Downtime to a Minimum

Our certified, highly trained technicians can help

At JIT Toyota-Lift, we understand that your forklifts and other equipment are crucial to your business. That's why our technicians undergo rigorous Toyota certification programs. All of our technicians are Bronze level or higher in the Toyota program and have completed at least 50 hours of e-learning and 32 hours of hands-on training with an instructor. Our Silver Level technicians have completed 48 hours of in person training with an instructor. Our team will put your machines back to work quickly to reduce your downtime significantly!

How to Make Order Picking Safer and More Productive

Choose the J1 JOEY lift instead of ladders

The J1 JOEY task support vehicle from Big Joe can elevate the operator up to 192", be driven from one task to the next, and provides a more stable, safer alternative to ladders. It makes it easy for operators to handle tasks up high, like order picking, shelf stocking, inventory management, maintenance, and more.
